- Residential

These portable bathtub seats are ADA-compliant and can be easily mounted to any standard bathtub. This high-quality ADA bathtub bench has a stainless steel frame with two sturdy legs.

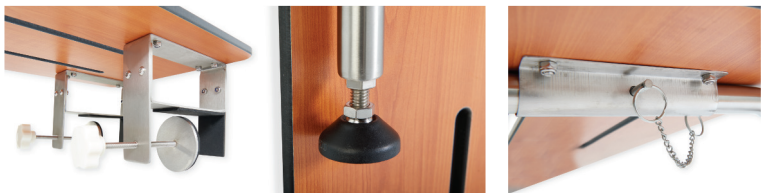

These seats can be easily transported and are even easier to use, just clamp the ADA tub transfer bench to the side of the bathtub, swing the legs down, and level the adjustable feet for a safe and comfortable bathing experience.

This bath seat is a popular choice for hotels all across the USA, for standard 15" deep tubs.

The woodgrain phenolic seat top has drainage slots and is easy to clean. When you are finished, simply swing the legs up for convenient storage.

Two seat sizes: 30" and 32"

The portable bathtub seats are in stock and ready to ship.
Made in the USA.
